WELCOME TO EASTERN.

For over 75 years, we've been rethinking how buffets work — and how they should look. What began with smallware and buffet holloware has evolved into some of the industry's most advanced buffet systems, trusted by hospitality professionals worldwide.

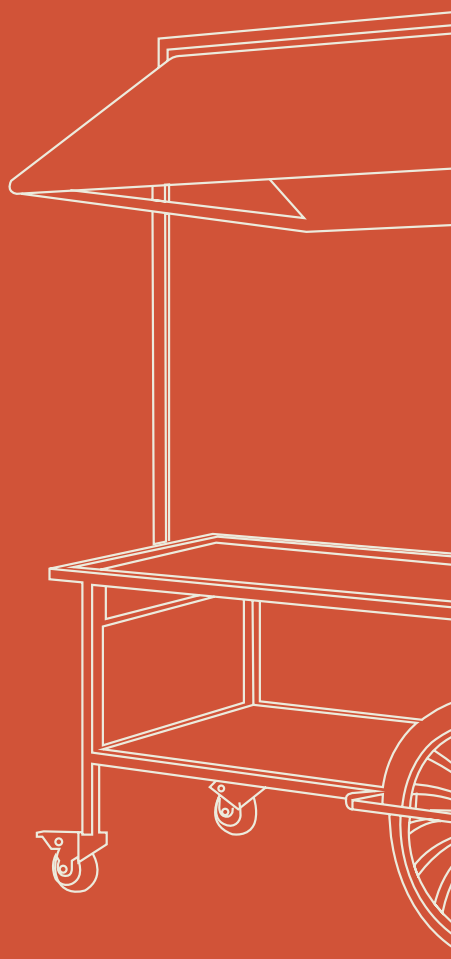
From our headquarters in Bayonne, NJ, we run a state-of-the-art 10,000 sq. ft. design studio, a full-scale US-based factory, and an expansive, fully stocked warehouse. It's how we design smarter, move faster, and deliver the innovative solutions today's hospitality industry depends on.

Unveiling the Essence of Eastern Excellence.

At Eastern we believe great design does more than look good. It works hard, solves problems, and makes service simpler, faster, and better. Every product is engineered for ease of use, durability, and versatility — giving you designs that do more.

Sustainability is an essential part of our vision for the future. Our exclusive partnership with EcoBurner reflects that commitment — offering a safer, greener alternative to traditional buffet heating and setting a new standard in eco-friendly service.

This latest collection brings together everything we've learned in over seven decades of design and innovation. We're proud to present what's next for buffet service.



On-Site Factory

Experience a world of inspiration at the Eastern State-of-the-Art Design Studio, where quality meets futuristic design excellence. Schedule your visit at **www.EasternTabletop.com**

Model Number Guide

How it works.

Creating models number is easy with Eastern Tabletop! Customize Eastern Tabletop your buffet solutions with our easy to follow guides. Choose your preferred design combinations by inserting the provided numbers and letters in the designated space as demonstrated below.

Example.

Choosing a **Gray Grain Laminate Full Front Panel** for your HUB buffet table.
Follow directions on page 13 for how to choose this design combination.

Selecting your combination.

Choose letters and number to make up your preferred design combination. Skip letters and numbers that do not apply to your order.

Example: Display, Panel Type, Laminate and Edge Finish are highlighted in **orange** to make up a **Gray Grain Laminate Full Front Panel** for the HUB buffet table.

Mobile Displays

Eastern's Mobile Displays elevate buffet presentations with their sculptural presence, seamlessly blending function & form.

Crafted from a palette of authentic materials, each series of Eastern mobile buffets offers striking visual highlights, bringing a clear design vision to any space—whether an open lobby, a social setting, an enclosed meeting room, or a banquet hall dedicated to culinary experiences. Designed to complement one another, Eastern buffet equipment enhances both functionality and aesthetics, creating a cohesive and visually engaging environment.

What is the EcoBurner?

A REFILLABLE BURNER THAT IS PLACED UNDER CHAFING DISHES TO PROVIDE HEAT FOR BUFFET FOOD, **ELIMINATING THE USE OF WATER.**

The EcoBurner is refilled with EcoBurner Fuel after each service so that every drop of fuel is used or saved for the next service. Each can of fuel gives up to **36 Hours** of burn time.

EcoServe GN IS THE FLEXIBLE ALTERNATIVE TO CHAFING DISHES

Improve the look and feel of any buffet set-up anywhere.
Completely **eliminates the need for water**, by using hotplate technology instead of water pans, saving the energy needed to heat and transport vast amounts of water every set-up.

GO WATERLESS

Convert your existing chafing dishes to waterless by replacing your current standard size GN water pans to the EcoPan.

Instead of using water to transfer heat to food dishes, the **EcoPan uses hotplate technology** to ensure consistent heat is delivered without the need for water. This is the most cost-effective method of going **WATERLESS**.

Watch Live Video For This Product.

#EB15330

BENEFITS OF GOING WATERLESS

1. Staff no longer need to handle hot water.
2. No steam or condensation results in better quality buffet food.
3. Energy is saved as no need to heat water.
4. Time is saved from filling + transporting water to / from the buffet area.
5. EcoPan heats up in less than 10 minutes making it a quicker set-up.

INDOORS

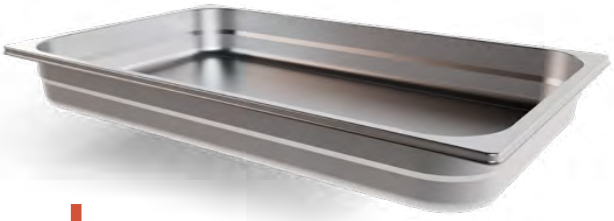
Only 1 EcoBurner is needed for indoor buffet

OUTDOORS

Use 2 EcoBurners outdoors.

Each **EcoPan saves 2,200 liters** (581 Gal) every year if used instead of water pan!

USE YOUR EXISTING FOOD PAN



DROP-IN NEW
EcoPan

COMBINED WITH YOUR EXISTING CHAFER

Pillar'd Waterless Roll-top Chafer,
Includes 8qt. Eco pan

#EE3124

TO MAXIMIZE FUEL EFFICIENCY, WE RECOMMEND USING THE ECOBOOST MAX.

Simply attach an **EcoBoost MAX** bracket to the bottom of any chafing dish so that it brings the **EcoBurner** closer to the dish and creates a windproof heat chamber that disperses the heat more effectively. **EcoBoost reduces the amount of fuel needed to keep food warm,** and enhances the wind proofing benefits so is ideal for outdoor use in any catering situation.

EcoBoost MAX
#EE11133
8.9" x 3.8" x 1"H

EASTERN
TABLETOP

ECOBOOST MINI

Reduce carbon & waste using only THE EcoBurner with an EcoBoost MINI under any existing chafing dish or coffee urn.

The EcoBoost MINI clips onto the top of the EcoBurner (#EB18999) to prevent heat being deflected back onto the EcoBurner to improve efficiency and is an easy way to start using the EcoBurner under any chafing dish or coffee urn.

EcoBoost MINI
4.1"D x 0.8"H
#EE11139

COFFEE URNS

The Eastern range of coffee urns can now be heated using the EcoBurner with an EcoBoost MINI clipped on to the top for a more efficient and consistent heat.

GRILL-TYPE CHAFERS

Use 1 EcoBurner on low with an EcoBoost MINI bracket under grill-type chafers. This will give a consistent radiant heat that is perfect for foods that need more controlled heat.

HINGED CHAFERS

Use 2 Eco Burners on high with EcoBoost MINI brackets under traditional hinged chafing dishes.

ROLL-TOP CHAFERS

Use 2 Eco Burners on high with EcoBoost MINI brackets under rolling-top chafing dishes.

COFFEE URNS

The Eastern range of coffee urns can now be heated using the **EcoBurner** with an **EcoBoost MINI** clipped on to the top for a more efficient and consistent heat.
